EDUCATION

McGill University – Faculty of Engineering

Bachelor of Engineering, Major in Software Engineering Co-op; Cumulative GPA: NA/4.00

Montreal, Canada

August 2026 - December 2029

Rosemont College – AEC in Accounting

Accounting and Management; R-score: 31.991

Montreal, Canada

June 2026 - August 2026

CÉGEP Garneau – Sciences and IB

Natural sciences, Life sciences and International Baccalaureate; R-score: 33.324

Québec City, Canada

August 2024 - June 2026

Distinctions: LORAN Finalist Scholarship, Leaders of Tomorrow Scholarship, Perseverance Scholarship, ACP winner in Physics

PROFESSIONAL EXPERIENCE

Ministry of Transportation of Quebec

Civil engineering Technician and Researcher

Québec City, Canada

August 2025 - August 2026

- Conducted laboratory experiments investigating the effects of salinity on clay behavior, systematically collecting and analyzing experimental data to characterize soil properties and responses.
- Performed comprehensive data analysis on experimental results, identifying relationships between clay properties and salinity and contributing to the interpretation of findings for civil engineering applications.

National Institute for Scientific Research

Research Assistant

Québec City, Canada

December 2025 - July 2026

- Developed an algorithm using Landsat satellite imagery to automatically detect water pixels across the Earth's surface, enabling large-scale analysis of changes in global water coverage.
- Processed and analyzed satellite data to validate water detection results and investigate long-term changes in Earth's surface water, contributing to research on global environmental change.

Fairmont Le Château Frontenac

Barista, Dishwasher and Banquet Porter

Québec City, Canada

May 2024 - June 2026

- Delivered efficient service in a high-volume luxury-hospitality environment, balancing customer service, cleanliness and operational priorities while maintaining high standards under time constraints.
- Supported banquet and food-service operations by preparing work areas, transporting equipment and supplies, and responding quickly to changing operational needs during events and busy service periods.

Tim Hortons

Manager, Shift supervisor, Team member

Québec City, Canada

May 2020 - May 2024

- Managed daily restaurant operations, supervising staff, coordinating shifts and maintaining efficient service in a fast-paced environment while ensuring high standards of quality and customer satisfaction.

LEADERSHIP AND EXTRACURRICULAR

The CÉGEP Garneau Academic Competition Committee

Founder and coordinator

Québec City, Canada

September 2024 - June 2026

- Founded and coordinated an academic competition initiative at CÉGEP Garneau, organizing participants, activities and logistics to create an engaging competitive academic environment.
- Led the planning and execution of competition activities, coordinating with students and stakeholders while managing schedules, communications and operational details.

Bureau of Political Action & Information

Vice-President Finance

Québec City, Canada

September 2024 - June 2026

- Managed the organization's financial activities, overseeing budgeting, expense tracking and financial planning to ensure responsible allocation of available resources.

SKILLS AND INTERESTS

Language Skills: Bilingual in French & English, Advanced in Spanish and Indonesian, Beginner in Italian

Computer Skills: Advanced in C#, Python, React, C++, HTML5 & CSS3; Intermediate in Java

Interests: Trading, Projects, Volleyball, Programming, Entrepreneurship
