EDUCATION

McGill University – Faculty of Engineering Montreal, Canada Montreal, Canada
Bachelor of Engineering, Major in Software Engineering Co-op; Cumulative GPA: NA/4.00 August 2026 - December 2029 (expected)

Rosemont College – AEC in Accounting Montreal, Canada Montreal, Canada
Accounting and Management; R-score: 31.991 June 2026 - August 2026

CÉGEP Garneau – Sciences and IB Québec City, Canada
Natural sciences, Life sciences and International Baccalaureate; R-score: 33.324 August 2024 - June 2026

Distinctions: LORAN Finalist Scholarship, Leaders of Tomorrow Scholarship, Perseverance Scholarship, ACP winner in Physics

SKILLS

Computer Skills: Advanced in C#, Python, React, C++, HTML5 & CSS3; Intermediate in Java

Language Skills: Bilingual in French & English, Advanced in Spanish and Indonesian, Beginner in Italian

PROFESSIONAL EXPERIENCE

Ministry of Transportation of Quebec Québec City, Canada
Civil engineering Technician and Researcher August 2025 - August 2026

- Conducted laboratory experiments investigating the effects of salinity on clay behavior, systematically collecting and analyzing experimental data to characterize soil properties and responses.
- Performed comprehensive data analysis on experimental results, identifying relationships between clay properties and salinity and contributing to the interpretation of findings for civil engineering applications.

National Institute for Scientific Research Québec City, Canada
Research Assistant
December 2025 - July 2026

- Developed an algorithm using Landsat satellite imagery to automatically detect water pixels across the Earth's surface, enabling large-scale analysis of changes in global water coverage.
- Processed and analyzed satellite data to validate water detection results and investigate long-term changes in Earth's surface water, contributing to research on global environmental change.

Fairmont Le Château Frontenac Québec City, Canada
Barista, Dishwasher and Banquet Porter May 2024 - June 2026

- Delivered efficient service in a high-volume luxury-hospitality environment, balancing customer service, cleanliness and operational priorities while maintaining high standards under time constraints.
- Supported banquet and food-service operations by preparing work areas, transporting equipment and supplies, and responding quickly to changing operational needs during events and busy service periods.

Tim Hortons Québec City, Canada
Manager, Shift supervisor, Team member May 2020 - May 2024

- Managed daily restaurant operations, supervising staff, coordinating shifts and maintaining efficient service in a fast-paced environment while ensuring high standards of quality and customer satisfaction.

LEADERSHIP AND EXTRACURRICULAR

The CÉGEP Garneau Academic Competition Committee Québec City, Canada
Founder and coordinator September 2024 - June 2026

- Founded and coordinated an academic competition initiative at CÉGEP Garneau, organizing participants, activities and logistics to create an engaging competitive academic environment.
- Led the planning and execution of competition activities, coordinating with students and stakeholders while managing schedules, communications and operational details.

Bureau of Political Action & Information Québec City, Canada
Vice-President Finance September 2024 - June 2026

- Managed the organization's financial activities, overseeing budgeting, expense tracking and financial planning to ensure responsible allocation of available resources.
